

I am astounded at the decision by Sinclair Broadcasting to force their stations to air an anti-Kerry documentary days before the election. This is a subversion of our democratic election process. They use the public airways free of charge and are supposed to serve the public interest. But instead they are serving the interests of one political party.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
